## COMING TRIP OF PRESIDENT TAFT

He Will Make Addresses upon  
Five Topics.

### TARIFF HIS PRINCIPAL SUBJECT

However, He Is to Talk Also Upon  
Arbitration Treaties, Currency  
Reform, Reciprocity and  
Conservation.

Beverly, Mass., Aug. 26.—During his western trip President Taft will speak principally upon five topics, the tariff, currency reform, arbitration treaties, reciprocity and conservation.

The tariff will occupy most of the president's attention, as the most important of these questions. Not only will he expound his position upon the recent tariff bills which he vetoed, but he will have a program of aggressive speechmaking to gain support for the tariff work of the next session.

Upon the arbitration question Mr. Taft considers, or rather realizes well, that he has a hard fight before him to arouse the public to a serious study of the pending Franco-American and Anglo-American treaties, and he will devote a good portion of his speechmaking to stirring up support to secure the ratification of those treaties by the senate next session.

Conservation will be used in the far western stages of his trip and on this subject the president will enter into a discussion of the Alaskan situation, which will become a live issue in Washington next year after the return of Secretary of the Interior Fisher from Alaska. Mr. Fisher has gone to Alaska for the express purpose of getting first hand ideas on constructive Alaskan legislation and a program of this sort will be placed before congress at its session next winter. The president will pave the way for this work by pointing out the need of constructive work in that field for the safe and effective development of Alaska's resources.

What is to be said about reciprocity depends entirely upon the turn of events in Canada and in the next month.

As the senate has required a report from the monetary commission next winter it is essential now that public thought be directed toward this perhaps technical but important subject, and Mr. Taft's effort will be principally to arouse interest and to urge study of this question.

If time permits during the few busy days of recreation that are allotted to Mr. Taft in Beverly, he will outline the subject matter for his addresses on these topics and hopes to be able to start out with outlines of completed speeches so far finished that he can turn out the formal address in the few possible hours of work on the train.

### TOLEDO JUNK DEALER IS CARED FOR IN THE CITY JAIL

A junk dealer from Toledo by the name of Krup was taken with an epileptic fit Thursday afternoon while in the alleyway between Washington and Huron streets near the rear entrance of Spaulsby's store. City Health Physician Post was called and the man removed to the city jail where he was cared for. He was able to go to his home this morning.

## YPSI MEN ARE LEADERS IN SIGNAL CORPS WORK

When Captain George Mackay reported Tuesday afternoon at four o'clock at the Moissant government school of aviation at Garden City, Long Island, the distinction was conferred on the Ypsilanti Signal Corps of being the first Signal Corps in the United States to enter a representative at this school. It is fortunate indeed that the person chosen should be one who can so creditably represent this city and detachment. Captain Mackay reports that he rises at 5 o'clock every morning that the atmosphere is clear for instruction in flying. He finds that the course includes a study of engines, the metals used in the construction of the planes and even the wood employed. This study precedes instruction in actual flying.

Ypsilanti has only recently been placed strongly in the limelight because of notable achievements of the Signal Corps at Camp Chase S. Osborn at Port Huron. Thirty-seven men, three company officers and three of the staff went from this city. Prior to the departure of the regular Signal Corps, a detachment of seven men were on the camp site and constructed and put in operation the camp telephone exchange under First Lieut. Gaudy. In an interview with Lieut.

### MUST HAVE JOB'S PATIENCE

Judge Says Lawyers Must Not Give  
Way to Tempter.

Muncie, Ind., Aug. 26.—That it is a practical impossibility for a lawyer to be criminally provoked by anybody was the doctrine enunciated from the bench by City Judge Frank Feeley, himself an attorney, in giving a decision in the case of Attorney Wilbur Ryman, who said he had been provoked by A. O. Broadbent. Ryman had acted as attorney for Broadbent's wife in the latter's suit to obtain a divorce and said that the husband, meeting the lawyer on the street, called him vile names.

"Lawyers have to learn to stand a great deal," said Judge Feeley. "Mr. Broadbent may have provoked within the meaning of the law, but the evidence is not clear. Any way, lawyers must expect to be mistreated much of the time without making complaint."

## EVIDENCE POINTS TO SON'S GUILT

Valuable Clew Discovered Following  
Indiana Murder.

### QUEER ACTS OF YOUNG LEE

Bloody Underwear Is Partially Burned  
—Pond Being Searched for Parcel He Is Said to Have  
Thrown into It.

Boonville, Ind., Aug. 26.—Blood streaked and partly burned underclothes of a man, positively identified before Coroner Farley's inquest as being to William Lee, were found in a search of the bedding at the Lee home.

They furnish what the authorities believe is a strong link in the evidence connecting Lee with the murder and partial burning of his father and mother, Mr. and Mrs. Richard Lee, and his younger brother, Clarence Lee.

A search of the Gough pond, near the Lee home, will be undertaken to verify information that William Lee was seen at 2 o'clock in the morning, two hours before he gave the alarm of fire at his home, throwing a bundle into the pond. Lee was not removed from Boonville. Positive proof that the Lees had been murdered at least three hours before the alarm of fire was given was furnished Coroner Farley by physicians who examined the bodies.

Lee's sweetheart, Miss Mina Taylor, has deserted him and declares her desire to see him punished if he is guilty.

Feeling against Lee is growing stronger on account of the gradually accumulating evidence of his guilt. He shows no signs of breaking down and baffles the attempts of the authorities to cause him to contradict his stories. Lee asked Sheriff Scales to be permitted to attend the funeral of his relatives. His request was refused. He paced his cell most of the night, but talked little to his guards.

Lee was stripped in the presence of witnesses, and on his body were found many bruises. According to the theory of the sheriff the bruises were from blows struck by some one. Lee said the bruises came from his having fallen in getting out of a buggy Wednesday night when he called on his fiancée.

Gaudy, he said, "We were equipped this year for the first time in a state encampment as we should be, with mounts. We took a carload of 19 from here and had 35 altogether, and I might say we have a cracking good bunch of horsemen. We don't take a man into the company if he knows nothing about a horse. Albertson, Dicks, Webb, and Dolby were extremely clever with unruly mounts. Sergt. Laffin acted as stable sergeant. The horses were quartered in a specially built corral, each having a five-foot stall protected by a canvas top. They were under general supervision of Lieut. Culp, military sergeant of the state and came through in good shape. "One unique feature was the fact that we had throughout our entire company street, from the officers' quarters to and including the corral, electric illumination. The first wire section, under Serg. Arnold, did very excellent work in laying and operating the military telegraph lines. This is a line of work which is especially exacting, as it calls for horsemanship and ability to do wire work such as piking, tying, etc. on horseback at a gallop. A new departure in the line of field wireless was tried and found

## REV' LEESON TO CONDUCT UNION SERVICE SUNDAY

Dr. Leeson has returned to the city and will preach in the Methodist church in the morning and at the out-of-door union services in the evening on the Presbyterian lawn. Mrs. S. E. Crawford will sing a solo, "I'm a Pilgrim," and, in the absence from the city of Minor White, Platt Wood will be the organist.

Rev. Howard Augustine will again preach at the Presbyterian church and Prof. Laird, who gives of his services most willingly and is greatly enjoyed always, will occupy the Baptist pulpit.

The Sunday school of St. Luke's will open again on September 3.

### MRS. DOWIE CALLS FAITHFUL

Issues Invitation for Meet to Re-establish Alexander's Church.

Chicago, Aug. 26.—According to a report from Whitehall, Mich., the widow of John Alexander Dowie will take steps to re-establish Dowie's original cult next Sunday.

She had issued a call to former members of the church to come to Ben MacDhui, which has been her Michigan home since she lost her interest in Zion.

She will ask all the original and loyal followers of Dowie to join in a movement to build up a Dowie colony in Michigan.

### Horse Gives Clew to Death.

Terre Haute, Ind., Aug. 26.—A riderless horse which walked into the barnyard of James Nicholson, a wealthy farmer living eight miles east of this city, caused a search which resulted in the finding of the body of its master in a pasture a quarter of a mile from the house. The body lay beside a stump, and it is believed the man died of heart failure as he attempted to mount.

### COLONEL JOHN M'ELROY

Editor of National Tribune  
Drew Out of Commander Race.

## ELECT AN ILLINOIS MAN

G. A. R. Honors Judge Harvey M. Trimble.

Colonel McElroy Withdraws from  
Race—Veterans Endorse Sherwood Pension Bill.

Rochester, N. Y., Aug. 26.—Judge Harvey M. Trimble of Illinois was elected commander in chief of the Grand Army of the Republic.

Colonel John McElroy of Washington ended a bitter contest by withdrawing from the race. On his motion the adjutant general cast one vote for Judge Trimble.

Colonel Nicholas Day of New York city was elected senior vice commander.

On recommendation of the committee on resolutions, the encampment endorsed the Sherwood pension bill, which the Democratic leader in congress, Mr. Underwood, had promised the house would pass at the forthcoming session. The endorsement carried the proviso that the bill be made to conform as closely as possible to the Sulloway bill, which was pigeon-holed. The Sherwood bill was favored by Judge Trimble.

Mrs. Cora Davis of Union, Oregon was elected president of the National Women's Relief corps. The corps voted \$4,000 for the permanent fund of the G. A. R.

Indiana Man Slays Brother.  
Beresford, S. D., Aug. 26.—Merritt Young, a farmer near Beresford, shot his brother, Ross Young, and then killed himself by firing a bullet in his temple. The brothers, both farmers, came here from Indiana.

## Teachers Are Urged to Attend Institutes

School Commissioner, Evan Essery is mailing out letters this week urging teachers to attend one of the institutes that will be held in Ann Arbor and Manchester, Sept. 2 and 9, respectively.

The Ann Arbor institutes will be held at the Court House and the one in Manchester at the M. E. church, each beginning at 10 o'clock.

Prof. Abigail Pearce of the State Normal will assist and a profitable time is assured. Miss Pearce will discuss the fundamentals of English grammar and Commissioner Essery will bring attention to facts relating to the details of the work. If time permits a talk will also be given by him on the subject of arithmetic. Both subjects need particular study on the part of a large number of teachers as is shown in the examinations.

A reading circle for teachers living near Ann Arbor and Manchester will be organized at the institutes. Books may be secured at this time and they may be paid for later if it is desirable. Report cards, promotion cards, special day books, blanks, etc., will be distributed at this time as they will be needed the first day.

Dinner will probably be served by the Epworth League of the M. E. church which will afford a social hour at noon.

### Inquiry into Joliet Deaths.

Joliet, Ill., Aug. 26.—The coroner began an investigation into the deaths of four men and the serious injury of four others at the plant of the Illinois Steel company. The dead are Olaf Erickson, William Koslowski and two laborers, unidentified.

## WILSON TO HAVE CHARGE OF SPORTS AT THE NORMAL

Dwight L. Wilson,—"Bud" as he is commonly known,—is to be the Normal College football coach this fall, and his appointment will be most popular among student body. Mr. Wilson has made a solid reputation in ball-playing in this city, having been guard on the Ypsi high school football team of '04, and later, on going to the Normal College, he became the most dependable player on the team. Mr. Wilson was prominent in other ways while at the Normal. He was general manager of the first Normal minstrels and yelmaster. Last year he was chief assistant football coach at the Normal College, while studying law at the University of Michigan.

### LAST MEMBER OF THE TINDALL FAMILY DIES IN CALIFORNIA

Word has recently been received of the death of Miss Elizabeth Tindall which occurred at Sacramento, Calif., June 24. Miss Tindall was the daughter of Rev. George P. Tindall, who was formerly pastor of the Presbyterian church in this city. Miss Tindall was the last member of the family.

### TRAINS BLOCKED BY WRECKED FREIGHT AT MARSHALL

There was considerable speculation in Ypsilanti Friday as to why the several-hour trains should have been delayed late in the afternoon, especially the Wolverine, which is notably regular. The delay in arrival was caused by a wreck at Marshall, where a freight train had jumped the track and blocked two tracks as a consequence. They were presently cleared and today trains have been running on schedule time.

## MAINED HERO OF GETTYSBURG, GENERAL SICKLES, IN WHEEL CHAIR AT THE GRAND ARMY ENCAMPMENT

Rochester, N. Y., August 25.—Greeted with cheers by 8,000 comrade veterans and with hand clasps by as many as he could accommodate, General Daniel Edgar Sickles of New York city, eighty-six-year-old hero of Gettysburg and many other fierce conflicts of the civil war, made his appearance at the G. A. R. encampment here, wheeled in a chair by a devoted attendant. Forty-eight years ago, on July 2, 1863, the second day of the battle of Gettysburg, General Sickles, who commanded the Third

### SHOOTS MAN ON STREET

Edward Van Pelt Kills Chairman Tindall of Supreme Court of Honor.

Shelbyville, Ind., Aug. 26.—Edward Van Pelt a brother-in-law of United States Senator Works, of California, shot and killed Charles Tindall on the street here at noon. The trouble culminated in the shooting was of long standing.

A year or two ago Mrs. Van Pelt was a member of the Court of Honor lodge here. The report became current that her accounts as an officer of the lodge were somewhat short, and an investigation of the books was being made. She resigned. After the investigation it is said that there was a shortage of about \$200 which was not made public at the time. Van Pelt took up the matter with attorneys and since that time has had trouble with Tindall, who is chairman of the supreme court of honor.

### GOES TO BOSTON BY TRAIN

In Record Trip from St. Louis He Was  
In Air Twenty-Eight Hours and  
Nine Minutes—Finances  
Are Discussed.

New York, Aug. 26.—Harry Atwood got here from St. Louis by aeroplane, carrying a suit case, but bareheaded, because he took off his cap to bid Yonkers good afternoon as he flew down the misty Hudson and the cap planed into the river.

He descended at Governor's Island at 2:35 p. m. after doing the final jump from North Nyack, thirty-one miles, in forty-two minutes. In covering the 1,265 miles from St. Louis he was in the air twenty-eight hours and (Continued on page 2.)

## LEHIGH WRECK ENDS 38 LIVES

Between Sixty and Seventy  
Persons Seriously Injured.

### SPREAD RAILS DITCH TRAIN

Diner Leaves Rails at Manchester, N. Y., Dragging Pullman with It—  
Car Goes Into Canandaigua Outlet.

Geneva, N. Y., Aug. 26.—One of the worst wrecks in the history of this section of the state occurred at the village of Manchester, when the fast passenger train on the Lehigh Valley railroad, known as train No. 4, east-bound, was derailed about 100 feet east of the Manchester station, part of it falling into the Canandaigua Outlet.

Up until 5 p. m. there had been twenty-seven dead bodies recovered from the wreckage, and it is estimated that between sixty and seventy persons have been seriously injured, twenty-five of whom are believed to be fatally so. It is believed by the searchers that there are still a considerable number of dead buried in the wreckage. Of the bodies recovered and identified the majority of the people are from Washington, D. C., and Philadelphia and various other points in Pennsylvania.

A revised list of the dead places it at thirty-eight. Of this number but comparatively few have been identified.

The train was running at a high rate of speed when it passed the station. Among the passengers on the train were a large number of G. A. R. veterans and their relatives, who were returning from the national encampment at Rochester to their homes in various points in the east, but as far as could be learned there were but three veterans dead, none of whom has been identified. A number of friends and relatives of the veterans are among the dead and injured.

An examination of the wreck indicates that it was caused by the spreading of the rails between the Manchester station and the bridge over the Canandaigua Outlet. It is apparent that part of the heavy train passed over the defective rails. The first car to leave the track was a diner, which was the fourth car in the train from the engine.

The diner took with it a Pullman which was just behind it. While the diner remained on the road bed the Pullman was hurled down a sixty-foot embankment into the Canandaigua Outlet. It was in this car that the greatest loss of life occurred. While other cars in the train did not go down the embankment their momentum carried them into the rear end of the diner, causing a considerable loss of life and serious injuries to persons in this car.

As soon as the wreck occurred the work of rescue began. Relief trains were rushed to the scene of the accident from Rochester, Canandaigua, Clifton Springs and Geneva with physicians and nurses to aid in caring for the injured.

## BRIDGE FALLS, 5 MEN DIE

Defects in Timber Lead to Collapse and Tragedy in River.

Workmen Are Precipitated Into the Water Sixty-Five Feet Below.

Roseburg, Ore., Aug. 26.—Five men were killed and five injured in the collapse of a bridge over the Umpqua river, sixteen miles northwest. The bridge fell into the river, sixty-five feet below.

The dead: William Belleu, Gary Brown, William Gardner, Peter McFarland and William Accusta.

Defects in timber in the framework of the bridge's main span, on which the ten men were working, caused the accident.

### SALEM HUNTER GETS LARGEST SINGLE ORDER FOR DEAD SPARROWS

There have been killed in this county for the two-cent bounty on their heads 27,610 sparrows since the first of last January. The largest single order was paid to Roy Savery of Salem who collected \$21.48 for 1,074 heads.

### "THE LION AND THE MOUSE."

In an article yesterday headed "Business Men in Theatricals," we notice the United Play Company has taken over the Western territory for several New York and London dramatic successes. Among the plays to be produced is "The Lion and the Mouse." Why can't we have this splendid play in our city?

## A PRAYER WHICH SHOULD HAVE BEEN ANSWERED LONG AGO.

The prayerful petition to the Common Council from H. R. Scovill and a liberal-sized list of other prominent citizens of the city to have the crossings over the Michigan Central railroad at Forest avenue and Cross street repaired, so that they are comfortably passable, is a complaint which echoes and re-echoes at irregular intervals from time to time. We believe this petition states that the community has been complaining about these crossings for fifteen years and it asks the Common Council whether it cannot persuade the railroad company to do something. Within the past year the editor recalls having voiced the complaints which came to him frequently on two or three different occasions at least in the Press but these crossings remain and very rough, very unpleasant to go over.

They illustrate how indifferent to the real comfort and needs of the people in a locality a non-resident corporation is. The New York Central lines of course are run for revenue only. They can scarcely be expected to have one or more men on the road all the while inquiring of the citizens along the line whether there isn't something they would like the railroad company to do to make things more agreeable. The things which do not mean added profit to the railroad, certainly and summarily, are not likely to attract their attention. The corporation is so large and the ramifications of its lines are so extensive that a very large amount of red tape ordinarily has to be unwound and wound up again and transferred to another spool and then the spools changed and then some, before a complaint can really get on to the desk of the fellow that has the job to attend to, and it may then get to the bottom of a long-bladed spindle, and he may reach the top of the spindle just about his vacation time.

But it remains a constant source of annoyance to the people of Ypsilanti that they must bump over these crossings from day to day, and month to month, and year to year. The Michigan Central railroad company brought to take some interest in these crossings in particular, because they have so located their depot that a majority of the people who use the Michigan Central railroad, for purposes of passenger transportation at least, are compelled to cross and recross these tracks, in order to reach the depot and it would seem that the Michigan Central railroad company would have some interest in cooperating in maintaining a pleasant approach to their main place of business in this city. These two crossings moreover convey most of our funeral processions to the city's two cemeteries and most of the people going to Prospect park probably go over these crossings also. From the standpoint of the city, a newcomer's first and presumably most lasting impression is gained as he arrives in the town. If he can get into a good hack and speed away over a smooth street to the main business portions and back again quickly and comfortably, he is going to get a good impression of the town. But if the opposite is his experience, then the opposite impression may be expected, and to the detriment of the city. The Michigan Central maintains a beautiful setting for its depot and grounds in Ypsilanti for which Ypsilantians are appreciative, and we think that it ought to maintain its crossings in a way to be commensurately appreciated.

We have occasion to cross the Wabash railroad quite frequently in this county at two or three of its crossings. They are model crossings. It is a pleasure to cross the Wabash on these crossings. There is scarcely any perceptible jar experienced at all. One of these is in the thriving town of Willis and one which we cross often is down the track a couple of miles farther out into the country where, it may be assumed, it is not probable that any particular "pull" is necessary in order to get a decent crossing.

And the question arises, in these days of more efficient business-like administration of public affairs, whether our system of administration is not primarily to blame—not the administration, but the system of administration. Our system takes citizens with little or no training in civic administration and places in their hands a great business to administer—a business usually many times larger and of an entirely different character than any other with which they are familiar. And they are expected, without experience and without pay, to administer this large business by meeting for an hour or two once a week in the evening. The bigger business is to be done at such odd moments as can be spared from their own private business.

Is it reasonable to expect the need-

ed efficiency under such a system? It is neither fair to the representatives nor the people. Although it is conducted largely without pay, it is extravagant. It cannot be expected to bring to the job and keep on the job that degree of skill in municipal administration which so large and important an undertaking requires for its success. It can only at best do what it can find time to do to "keep things going" when they reach a stage where something must be done. Such a system is extravagant and cannot contemplate promotion as a permanent part of its program at all. It is a system that acts mainly on "complaints" and "petitions" if it acts at all, and takes "fifteen years," petitioning to get rather unsatisfactory results, according to the petition referred to.

We believe if the administration of our city were placed under the scientific management of a competent commission, it would be a good investment for the city of the present and a still better one for the city of the future.

## "WHAT IS SOCIALISM?"

(Continued)

## Education, Art and Religion.

"The Socialist would, also, carry even further than it is carried today, the system of compulsory education. The child being the future voter and worker, his mental development is, to the Socialist, of too vital an interest to society at large to be left alone to the discretion of individual parents, and all writers seem agreed that, while every child should be taught a useful trade, no branch of education, from the kindergarten through the university, should be closed to any willing and capable student. Though it is hardly possible that Socialism would permit of religious teaching in the schools, and quite certain that the Socialist State would maintain an absolute neutrality in all matters religious, it is equally sure that, even were his economic ideals mistaken, the practical Socialist is a practical religionist, and that the true practitioner of any high religion must, to its intents and purposes, meet the Socialist upon common ground.

## The Ultimate Attitude.

"So much concerning the Socialist's plan of a Cooperative Commonwealth I have felt that I could safely set down, confining myself for the most part, to those matters upon which the authorities seem agreed, and, for the rest, either indicating the points that must long remain in dispute, or else presenting some sketch of the diverging views. Throughout my notes, however, I have kept in mind the fact that the Socialist proposes that, even with the acquisition of political power, nothing shall be done until the public forces are ready to see that it shall be done carefully and thoroughly; that he expects his advance to be made so slowly that, first one minor step and then another being taken, the field will be fully prepared by the time of the final sowing, and that, lastly, he admits freely that the mass of lesser details must, for their determination, wait upon the needs of the coming hour.

## Seize Present Happiness.

With most people happiness is something that is always just a day off. But I have made it a rule never to put off being happy till tomorrow. Don't accept notes for happiness, because you'll find that when they're due they're never paid, but just renewed for another thirty days.—Letters from a Self-Made Merchant to His Son.

## CLEVER PRISON BREAKER WHO WAS ONCE CAUGHT IN YPSILANTI WILL BE GIVEN CHANCE TO REFORM

James E. Cushway, who is serving a 30-year sentence in Marquette prison for robbery and who will be paroled by the pardon board Sept. 1, was captured the fifth and last time he escaped from Jackson prison, which was last summer, by Officer Pierce in this city. He is in company with a Negro pal made their way as far as Ann Arbor on the electric car. As they were nearing the city they jumped from the car to avoid going through the business district and caught it again as it was leaving. They were trying the same stunt again when they reached Ypsilanti. As they reached Pearl street both jumped from the car, Cushway going south and the negro north. Cushway was caught near the Congress street bridge by Officer Pierce and the negro escaped to Milan where he hid in a cornfield and later went to Toledo where he was caught.

Cushway, who is just past 30 years of age, is the smoothest man ever locked behind the bars, according to prison authorities. During his career he has made his escape from Jackson prison five times. Each time he was recaptured. Jackson prison authorities stated they knew he could escape from that institution at any time, if he cared to, and for that reason he was transferred to Marquette last December, together with Burke, Boyce and Thompson, the confessed dynamite plotters, who made plans to blow up the Jackson institution.

Cushway never injured an officer in his escapes, but always managed to make his getaway by means of some clever scheme. On one escape he donned the garb of a guard and walked past an officer, who saluted him as such. Another time he placed himself in a box and was shipped out of prison.

Although he possessed ability to

## MICHIGAN BRIEFS

## MAY FACE MURDER CHARGE

Capac Belgians Who Attacked Woman Held in Jail.

Port Huron, Mich., Aug. 26.—A serious charge has been preferred against Julius Chrischone, Raimo Christone and Prudent Van Dam, the three Belgians who were the instigators of the outbreak which occurred near Capac on Wednesday.

They are now behind the bars of the county jail here, awaiting the verdict of the physicians attending Mrs. E. Haack, the injured woman. She now lies in a precarious condition and the doctors state that the chances for her recovery are slim. If she dies the prisoners will be forced to face a charge of murder.

## DEATH NEWS CAUSES SUICIDE

St. Clair Farmer Shoots Self Following Son's Celebration.

Port Huron, Mich., Aug. 26.—Following news that his uncle had fallen off a roof and was killed at Washington, D. C., Bert Smith, a wealthy Kimball township farmer, shot and killed himself.

Smith's son celebrated his fifteenth birthday with a party at his home, and to share in the event, Mr. Smith himself completed the purchase of forty acres of land. The father was in apparently good spirits up to the time when he received word of his uncle's death.

## SEEK GLAZIER'S RELEASE

Friends Are Circulating Petitions for Pardon or Parole.

Jackson, Mich., Aug. 26.—In an effort to secure a pardon or parole for Frank P. Glazier, former state treasurer, who is serving a sentence in Jackson prison, petitions requesting his release are being circulated by friends and sympathizers of the family.

Cards requesting Glazier's release from prison are being distributed on trains passing through Chelsea, the imprisoned man's former home, in an effort to secure signatures.

## MAYOR'S STORE IS BURNED

Fire Causes \$7,000 Loss While Reservoir is Being Cleaned.

Bozoyne City, Mich., Aug. 26.—The drug store and gymnasium hall owned by Mayor Bailey were destroyed by fire, chiefly because the city is without fire protection. The water department turned off the water Monday to clean out the reservoir without making provisions for emergencies, after finding out it would not be able to pump directly into the mains. Bailey's loss is \$7,000, with \$4,000 insurance.

## Gives Eye to Save Mind.

Grand Rapids, Mich., Aug. 26.—Blindness or insanity are the alternatives confronting William Mapes, a farmer of Sparta, Mich., who is now confined in the detention hospital here. Mapes is blind in one eye and the other day a sliver of steel flew into the good one. The pain has driven him temporarily insane. Local physicians believe they can save his mind by sacrificing his good optic.

## NEWS FROM OVER THE COUNTY

## YORK

York, August 25.—Alfred Lewis and daughter, Mrs. May Hendershot, and granddaughter, Ila Hendershot, and Blanche McAllister went to Clinton Tuesday in the former's auto to visit his granddaughter, Mrs. Walter Cotten. MARTINSVILLE

Martinsville, August 26.—An all day rain Thursday made the farmers rejoice on account of fall plowing. It was of great benefit to late potatoes and buckwheat.

Vincent Schaar made a business trip to Detroit Thursday. Lewis Harvey lost a horse by death Thursday night.

The Wesleyan Methodist Sunday school held their picnic in the church instead of on the school grounds as was intended, on account of the rain. Farmers in this vicinity are beginning to fill their silos.

Mr. and Mrs. V. Schaar are entertaining visitors from Detroit this week.

Theodore Sheldon is drawing gravel for the foundation of his father's house.

## ATWOOD FLIGHT ENDS AT GOTHAM

(Continued from Page 1)

nine minutes. It is the longest journey ever made by a man in the air.

Today Atwood went to Boston by train. He conceded that railroads are dangerous, but had to take the risk because he had agreed to fly at the meet in Squantum this afternoon. He did not go to Sheepscott Bay, and there may be a roar or two from citizens who waited for him there on Thursday and got rain checks when he did not appear, but young Mr. Atwood says his conscience is clear.

Just what the unprecedented trip means to Atwood in cash he did not know. When he got to the Knickerbocker hotel \$10,000 was handed to him by Victor J. Evans, a patent attorney of Washington, who offered that prize because he thought the Washington Chamber of Commerce hadn't done the right thing in merely taking Atwood out to lunch when he flew from New York to the capital. Then there is \$1,500 that was paid by a St. Louis newspaper on the day he started east, and there may be something coming for exhibitions at eight towns along the way.

"But," says Atwood, "you must know that I paid \$4,000 to my managers at Lyons the other night in order to be relieved from my contract. Oh, I got very tired of flying just to suit somebody else's financial convenience. My net profit is so little that I hate to talk about it."

Be sure and have the Daily Press sent to you while you are away on your vacation.

## FRECKLES

Don't Hide Them with a Veil; Remove Them with the New Drug. An eminent skin specialist recently discovered a new drug, othine—double strength, which is so uniformly successful in removing freckles and giving a clear beautiful complexion that it is sold under an absolute guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first night's use will show a wonderful improvement, some of the lighter freckles vanishing entirely. It is absolutely harmless and cannot injure the most tender skin.

Be sure to ask your druggist for the double strength othine; it is this that is sold on the money back guarantee.

## \$100 REWARD, \$100.

The readers of this paper will be  
pleased to learn that there is at least  
one dreaded disease that science has  
been able to cure in all its stages, and  
that is Catarrh. Hall's Catarrh Cure  
is the only positive cure now known  
to the medical fraternity. Catarrh  
being a constitutional disease, requires  
a constitutional treatment. Hall's  
Catarrh Cure is taken internally, act-  
ing directly upon the blood and mu-  
cous surfaces of the system, thereby  
destroying the foundation of the dis-  
ease, and giving the patient strength  
by building up the constitution and  
assisting nature in doing its work.

The proprietors have so much faith  
in its curative powers that they offer  
One Hundred Dollars for any case  
that it fails to cure. Send for list of  
testimonials. Address:

## BUSH IS GREAT SHORTSTOP.

Detroit Boy Covers Lots of Ground  
and Is Never Rattled.

Diamond experts must hand the  
plum to Ownie Bush of the Detroit  
Tigers as the leading shortstop of the  
American League.

Bush in action reminds one of those  
pond bugs that skim about so agilely  
from spot to spot—a little dart, and  
there you are.

The little Tiger boy darts around the  
field like lightning. He covers a world  
of ground, does it easily, almost poeti-  
cally, one might say, is not subject in  
the least to nervous disorders com-  
monly known as rattles, can throw

with the best of them and is the most  
valuable shortstop in the American  
League.

Jennings was certainly fortunate to  
pick up this lad in the hour of his need  
three years ago. It was when his in-  
field had gone to pieces and O'Leary,  
Coughlin and company had cracked  
sadly that Indianapolis surrendered  
this lad in midseason. From the jump  
he made good.

## CRANDALL HANDY MAN.

New York Pitcher Can Play Any Po-  
sition on Team.

Otis Crandall, some time pitcher,  
some time shortstop, some time out-  
fielder and always a consistent hitter,  
is one of the most useful baseball  
players ever developed in the major  
leagues. The New York Giants are  
fortunate in having a man who can  
fill any position on the diamond with  
credit to himself and his team.

It is said that Crandall's chief am-  
bition is to become a catcher, and be

OTIS CRANDALL, GIANTS' YOUNG PITCHER.

He said he can handle the elusive  
shoots of Matty and the cannon ball  
delivery of Marquard like a second  
Johnny Kling. Crandall is too good  
a pitcher, however, to be shunted off  
to other positions where there is dan-  
ger of injury to his pitching hand or  
arm. In this light McGraw would do  
well to strengthen his team with an  
other efficient utility player. One is  
needed and needed badly.

### Engagement Announced.

Under date of August 24 the Even-  
ing Press of Grand Rapids contains  
the following announcement, which  
will be of interest to Ypsilanti people  
because of the prominence in this  
city of the persons concerned: "Mr.  
and Mrs. Frank T. Gilpin of 297 South  
Lafayette street announce the en-  
gagement of their daughter, Miss  
Vivian Gilpin, to McKee Robison of  
Detroit. Miss Gilpin has been teach-  
ing for four years in the conservatory  
of music of the Michigan State Nor-  
mal college at Ypsilanti. Mr. Robison  
is a graduate of the literary and law  
departments of the University of  
Michigan and has received the de-  
grees of bachelor of arts and juris  
doctor from that institution. He is  
now connected with Wilkinson, Post  
& Oxtoby, a well-known law firm of  
Detroit." Both Miss Gilpin and Mr.  
Robison have made Ypsilanti their  
home. While Miss Gilpin's family  
moved to Grand Rapids this summer,  
she herself returns to this city in the  
fall and will teach in the Normal  
conservatory. Her lovely voice is  
much admired in musical circles here.

Miss Gertrude Chamberlain of De-  
troit is spending a few days with her  
parents, Mr. and Mrs. W. Chamberlain.  
Mr. and Mrs. Charles Hartman are  
spending a few weeks at Crystal  
Lake.

Miss Myrtle Crossman attended a  
moonlight in Detroit Friday evening.

D. Shipman was at Canton Friday  
to attend the funeral of the late M.  
E. Carleton who died of paralysis.

Mr. Carleton was well known in Yps-  
ilanti where he had many friends.

A son was born August 23 to Mr.  
and Mrs. P. Lansky of East Congress  
street.

Master Foster Thumm will be the  
guest of friends in Detroit for the  
week end.

A party consisting of Dr. and Mrs.  
G. M. Hull, Mr. and Mrs. W. E. Mc-  
Leod, Tracy Towner and Rev. Frank  
Kennedy of Ypsilanti, Bishop Kelly of  
Ann Arbor, and Rev. Frank Ken-  
nedy's two sisters of Detroit will leave  
Sunday morning for a two weeks'  
trip to Camp Newton in northern  
Michigan.

Mr. and Mrs. Thomas O'Brien and  
Miss Gertrude O'Brien of Willis B.  
Marle Strong of Saginaw, Helen and  
Virginia Bingham of Bay City are at-  
tending the Farmers' picnic at Whit-  
more Lake today.

Mrs. E. E. Trim and daughter Faith  
are spending a few weeks with  
friends at Warsaw and other points  
in New York.

Phillip Sullivan of Detroit returned  
home Friday after spending the past  
few days at the home of Mr. and Mrs.  
O. A. Ainsworth.

Miss Frances Nichols of Detroit,  
formerly of Ypsilanti, will spend Sun-  
day in the city the guest of her aunt,  
Mrs. George Brown.

week. His wife and two children will  
accompany him.

The notice which was telephoned  
the Press Friday concerning a shower  
for Miss Margaret O'Brien seems to  
have been an error, and the report of  
her engagement to Mr. Tinkham is  
not substantiated.

Mr. and Mrs. E. C. Clark will leave

Mrs. D. L. Crippen and daughter  
Catherine visited Ira Crippen of Su-  
perior Friday.

Miss Ruby Marquardt of Detroit has  
been a guest of Miss Olive Woolsey.

Mr. and Mrs. Perry Watling were  
Detroit visitors Wednesday.

Mrs. Mary J. Reno, mother of Mrs.  
Lydia Hall, is ill.

John Mann Bice went to Detroit  
today to see the ball game.

Mr. and Mrs. Harry Bentley of  
Jackson are visiting Mrs. E. T. Green  
of Forest avenue.

Mrs. Granville Filer of Detroit has  
been in Ypsilanti today.

Miss Catherine Crippen will teach  
the Free church school this coming  
year.

Mrs. E. T. Green and her guest,  
Mrs. Harry Bentley, have spent the  
day in Detroit.

Miss May Crane returned Friday  
night from a ten days' stay in Cleve-  
land and Buffalo and will leave soon  
for a short stay in Chicago.

Prof. and Mrs. Burgess of the  
Cleary Business College are spending  
a week with friends at St. Clair.

Prof. G. C. Kreichbaum is expected  
home Monday for a two weeks' vaca-  
tion spent with friends in Ohio.

Mr. Richman of the Cleary Busi-  
ness College has accepted a position  
as bookkeeper with the Scharf Tag,  
Label and Box company.

### GEORGE ALLEN.

George, Allen, who passed away  
August 18 at the home of his nephew,  
Fred, G. Whiting, was born in Eng-  
land, February 11, 1814, and thus was  
the oldest man in this city at the time  
of his death. In his early life he was  
a sailor, but he is remembered by  
Ypsilanti people as having been for  
forty years the sexton at Highland  
cemetery having come to Ypsilanti  
in 1843. In 1845 he was married to  
Martha Kinley, who died in Detroit  
in 1883. One son, Alfred, was born to  
them, and he passed away in 1888.  
The funeral, at which Rev. William H.  
Gardam officiated, was held at the  
home of Mr. Whiting, 208 Ballard  
street, on Monday, August 21.

### HIDDEN DANGERS.

Nature Gives Timely Warnings That  
No Ypsilanti Citizen Can Afford  
To Ignore.

DANGER SIGNAL NO. 1 comes from  
the kidney secretions. They will warn  
you when the kidneys are sick. Well  
kidneys excrete a clear, amber fluid.  
Sick kidneys send out a thin, pale  
and foamy, or a thick, red, ill-smelling  
urine, full of sediment and irregular  
of passage.

DANGER SIGNAL NO. 2 comes from  
the back. Back pains, dull and heavy,  
or sharp and acute, tell you of sick  
kidneys and warn you of the approach  
of dropsy, gravel and Bright's dis-  
ease. Doan's Kidney Pills help sick  
kidneys. Here's Ypsilanti proof:

"W. H. Hall, 513 N. Adams St., Yps-  
ilanti, Mich., says: 'Short use of  
Doan's Kidney Pills, procured from  
Weinmann-Matthews Co.'s Drug  
Store, convinced me that they are an  
excellent kidney remedy. They en-  
tirely relieved me of pain in the small  
of my back and difficulty with the  
kidney secretions. I cheerfully re-  
commend Doan's Kidney Pills.'

## YPSI MEN ARE LEADERS IN SIGNAL CORPS WORK

(Continued from page 1.)

satisfactory. Previous to this the  
equipment has been transported on  
muleback, which was very tedious and  
time-sacrificing. With the equip-  
ment arranged and permanently pack-  
ed on the Lion 40, the efficiency of the  
wireless section was generally in-  
creased. On one occasion, when the  
station was fully set up two miles  
from the signal headquarters, the or-  
der was given to come in. In six  
minutes the set had been taken down,  
packed aboard the machine and the  
full section dismounted at headquar-  
ters. This Lion 40 followed the active  
front of the maneuvers through broken  
country and by slightly traveled  
roads and was at all times up to the  
maneuvers' front and available for  
use. At review it took a place on a  
very rough piece of ground, it being  
cross-platted with streets. It invin-  
cibly followed the column at the pre-  
scribed distance.

The opportunities for signalling  
by feature methods were very few,  
due to the nature of the terrain. The  
men's time, one should note, was most  
completely taken up, from 5 a. m. to  
11 p. m. Besides being called upon to  
do dismounted work and caring for  
their horses and taking part in the  
maneuvers in the fields as cavalry,  
the Signal Corps were called upon at  
the same time to handle the informa-  
tion and communication of different  
units of the army while in the field.  
With minds occupied with these var-  
ious things and a horse to be groom-  
ed, fed and cared for, the need of a  
provost guard to watch the Signal  
Corps was absolutely eliminated.

"The infantry," continued Lieut.  
Gaudy, "in going to and from the  
maneuver grounds, which was 15  
miles from the camp site, traveled by  
the Pere Marquette, the mounted  
troops, the Signal Corps included,  
made the march under full equip-  
ment. Each man carried his rations  
for the trip, his tent, his extra cloth-  
ing, and his horse equipment.

"This year the Signal Corps were  
called upon to make the maps of the  
maneuver grounds which were dis-  
tributed and used by the officers of  
the brigade during the maneuvers." These  
maps may be examined at the Signal  
Corps office on the second floor of  
the Light Guard Armory. They are  
most interesting, most ingenious,  
showing the contour of the land, the  
woods and the fields and the rivers  
and even the kind of crops planted in  
each field is indicated. The Signal  
Corps are glad to be visited by citi-  
zens. They are contemplating re-  
serving special nights for visitors and  
will excuse a portion of the company  
from regular drill practice that they  
may explain to visitors about the dif-  
ferent lines of their work.

The last line in each of the follow-  
ing verses which Lieut. Gaudy com-  
posed Friday in a moment of leisure,  
refers to the distinguishing colors by  
which the Ypsilanti company is  
known.

AN ODE TO THE SIGNAL CORPS.  
Who's the bunch riding round  
Long after the recall's sound,  
Reeling wire up from the ground?  
That's the orange piped with white.

Who is it that bucks the reel  
Splicing copper and cussing steel,  
Phone trouble talk at every meal?  
It's the orange piped with white.

Who is it on sunny days  
Ricochets Old Sol's bright rays,  
Sending the flash that blinks and  
plays?

That's the orange piped with white.

There's a wild man with a flag  
Throwing bow knots in the rag,  
That's not a switchman on a jag,  
That's the orange piped with white.

What's that blinking through the dark  
Now a flare, now a spark  
Like a planet on a lark?  
That's the orange piped with white.

That acetylene, milk white flare  
Which you see way off up there,  
Is not a wild star taking air,  
It's the orange piped with white.

Who's the "hello-man" in the ditch,  
Buzzing along at such a pitch;  
Has Father Time in a sheepskin  
hitch,

Again the orange piped with white.

What's that fish-pole, spider guyed  
Spitting juice on every side?  
That's the latest wireless stride  
Of the orange piped with white.

Whence the smell of gasoline  
Chasing up the cavalry screen?  
That's the wireless you have seen  
With the orange piped with white.

Who runs those dippy aeroplanes,  
Gliding through uncharted lanes,  
In the upper air, where the eagle  
reigns?

It's the orange piped with white.

After all the work is done  
And we've heard the sunset gun,  
And with match and candle, the wind  
we fight,

Who steps in his tent switches on  
the light?

It's the orange piped with white.

Whether up where the big birds fly  
Or under the briny where cables lie,  
Who's the wits that space defy?  
They're the orange piped with white.
